upper animas cement creek site assessment reports index.xlsx

Here you go, Paula. Some of the things I included were judgement calls on my part, but I didn't exclude anything which might have construed as a report (not draft).

Best wishes,

Marcus – Can you do a search of the Upper Animas Site (including Cement Creek) for any documents that are coded PA/SI (Site Assessment). I would only want reports and no drafts and no correspondence or memos, etc. Please just send me an index. Thanks.
